LEADING THE INDUSTRY IN EVERYTHING WE DO

Ever since Torakusu Yamaha built his first organ in 1887, the name Yamaha has been about innovation and ingenuity. But what really gave the Yamaha name a boost of power was the creation of Yamaha Motors in 1955. From this beginning came some of the world's most celebrated motorcycles, water vehicles, racing engines, ATVs and golf cars.

Today, Yamaha is a leading manufacturer of musical instruments and high quality audio/visual products, and one of the largest producer of Motor Sports products in the world. Yamaha's product lines have expanded to include boats, unmanned helicopters and industrial robots.

We just want to be the best at everything we do: designing products, making products, and servicing the customers who buy our products. That's why Yamaha products are recognized the world over for superior quality in design, technology, craftsmanship, and customer-oriented services.
